Guide Rating - ★★★★★

### The Bottom Line

This updated sixth edition of Explore the Virgin Islands is the most complete, easy to read guide to the U. S. and British Virgin Islands I've seen. All tourism areas are covered in its 376 pages. You'll find info on camping, resorts, activities, beaches, history and culture, and loads of photos, maps, charts and sidebars--all you need to plan a superb trip to the US or British Virgin Islands!

### Publisher's Site

- Pros
- Updated Sixth Edition, with complete coverage of all Virgin Islands
  - Free web updates included, web and email info included
  - Great tips, charts, and interesting sidebars
- Cons
- You may find more information than you need!

### Description

- Illustrated with 30 color photos and 60 black and white images; 34 maps.
- Culture and history, hotels, campgrounds, all activities, sports and sightseeing covered in depth.
- Beaches, snorkeling and scuba information included. Eco-info also!
- Complete coverage of all islands, both U. S. and British Virgins.
- Useful, informative sidebars, charts and tips throughout. Many tips not found in other resources.
- Hundreds of web sites, emails, telephone and fax numbers are supplied.
- Full accommodations information, including campgrounds, is furnished. Dining info is also included.
- Well organized guide in compact format; will appeal to new visitors and veteran travelers alike.
- Free web updates are available to keep the guide information current.
- Adventure tour coverage.

### Guide Review - Book - Travel Guide

Harry Pariser has produced a superb guide to both the U. S. and British Virgin Islands. The sixth edition is even better than the previous one, with still more information and coverage of virtually every topic about the islands. What makes the guide unique is its extremely complete coverage of both groups of Virgin Islands, the wealth of information on every topic, including history, culture, hotels, resorts, adventure travel, water sports, other activities, beaches and transportation, and the hundreds of sidebars and tips, many with information not found elsewhere. The guide is in a compact format to fit easily into carry-on luggage or a rucksack for quick reference while traveling. Online updates are available to keep information current, and a host of other items are available on the website, including a photo tour, travel notes for the islands and more Web links. In addition, readers will find very extensive internet listings (websites and e-mails) to assist their travel planning. Even residents of the islands will find this guide useful and they may learn things they don't know about their own island!
